

Thank you volunteers and donors for making
2025 a fabulous year for
Friendship Gardens/Headwaters Health Care Centre!

Thank you to our incredible volunteers and donors for making 2025 a fabulous year for Friendship Gardens! This garden is more than plants and pathways, it's a shared effort powered by kindness, care, and community spirit. Every contribution, big or small, has helped create a welcoming space that supports healing and hope.

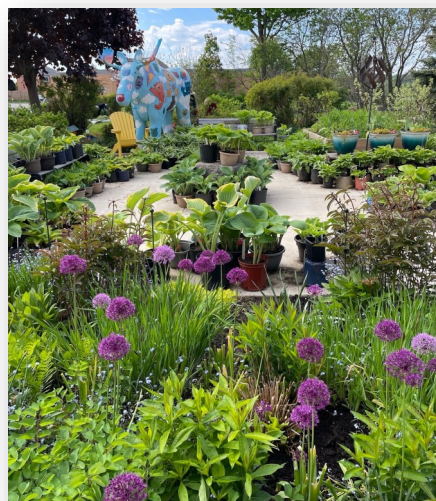

Our volunteers and students maintained the gardens and planted hundreds of new perennials and natives.

Our first ever Beyond the Gate fundraiser resulted in us being able to furnish the lobby patio.

A pair of potheads in the garden.

Our plant sale of perennials and natives was the best ever!

Thank you to Graydon Lindsay for donating the footage.

Environmental students from the University of Waterloo and University of Guelph received our annual \$2000 award for their impact both academically and based on merit. To contribute to this award select "Environmental Student Award" when donating.
