

**Thank you volunteers and donors for
making 2023 a fabulous year for
Friendship Gardens/Headwaters Health Care Centre!**

This year has again been very productive. The work on the gardens and trees and nature beds produced the best ever beauty. We planted hundreds of bulbs, pollinator and native plants, shrubs and saplings and plan to keep on in 2024. This couldn't happen without the amazing support of the volunteers and donors.

[Click here to tour the gardens & grounds virtually thanks to student Graydon Lindsay.](#)

Our focus to have native and pollinators blooming from April to end of October is paying off with the wonderful birds, butterflies and bees that we have attracted.

Our wonderful pollinator canoe was redesigned and painted by student Melissa Hooper.

Trees continue to be a huge asset for the grounds and community and we continue to partner with CVC to plant hundreds of saplings and shrubs.

Friendship Gardens is a group of volunteers, not affiliated with any other group. Our sole function and goal is to build and maintain the 20 gardens and over 400 trees on the hospital property in a productive, natural way.

To make a donation: visit www.friendshipgardens.ca and click '[Donate Now](#)'

We accept donations for our Ongoing Maintenance fund, the Endowment fund or Bursary fund for Environmental Studies students at University of Waterloo and University of Guelph. All donations will receive a 100% tax receipt.

Please visit us at: www.friendshipgardens.ca to see what we do, check out dedications, Instagram, and Facebook.

Thank you for your support...We are always happy to give you a garden tour.
