

Thank you volunteers and donors for  
making 2022 a fabulous year for  
**Friendship Gardens/Headwaters Health Care Centre!!**

## KIDS GARDEN INFRASTRUCTURE RESTORATION

The Kid's Garden was a major renovation made possible by generous donations from Anne Livingston, Alice & Alan Lyons, the Hamilton Family, Jesse/UltraReadyMix, Bob Long, Rose & Adam Keller and many other donors.

Now families, staff and visitors can sit together in the middle of the gardens to relax and enjoy the scenery!

**'FREEDOM'** a wonderful gift made from oil drums was donated by Manuela & Doug Newell.

She can even be seen at night courtesy of the lighting donated by the Hamilton Family.

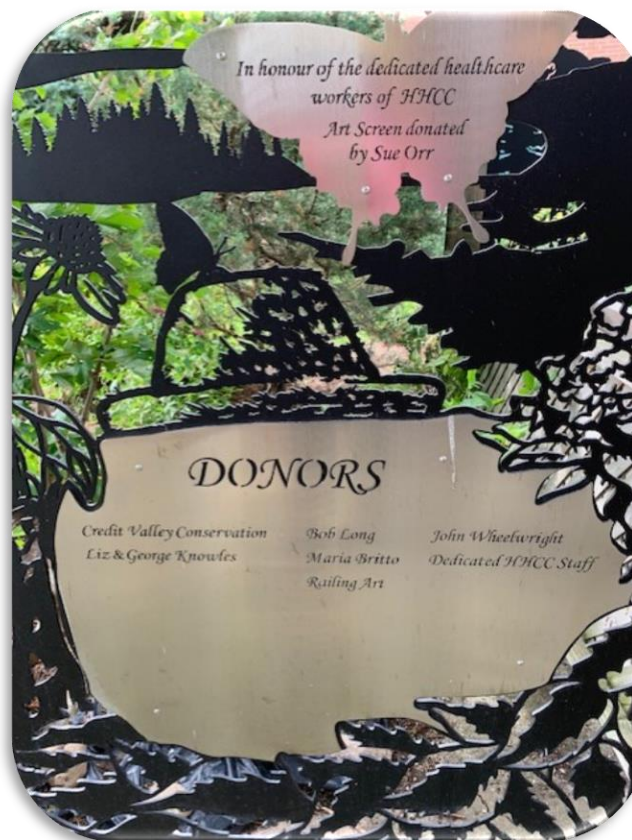

Our much loved students worked hard on projects, from planting natives, pollinators, maintenance and painting sheds!

We continue to plant natives, pollinators, shrubs and young trees to keep the environment productive.

## Arbour Gardens: Metal Art Screens

We completed the group of six metal art screens, with the addition of four more beautiful art screens in honour of our major donors and supporters. They were donated by: Sue Orr in honour of our hospital staff, dedication to Rob Orr by friends, dedication to Angela Long by Bob Long, dedication to fellow FG volunteers by Lynn.

Friendship Gardens is a group of volunteers, not affiliated with any other group. Our sole function and goal is to build and maintain the 20 gardens and over 400 trees on the hospital property in a productive, natural way.

The hospital has given us a budget for the past few years that we have allocated towards the infrastructure costs. We raise the money for the building and maintenance of the gardens, new projects, planting of new trees and most of arborist care.

### PLANNED PROJECTS FOR 2023:

- Naturalization areas with select shrubs, trees and wildflowers as recommended by Credit Valley Conservation and/or University of Guelph landscape students/professor.
- Update the Video of the history of the gardens, trees, grounds and dedications.
- Continue to add to the telephone app by University of Waterloo for people to walk through the gardens and grounds.
- We have initiated and plan to grow an environmental bursary for a student at U of Waterloo and University of Guelph. We are very excited that we will have one that starts 2023 for U of Waterloo and will now concentrate on funding one for U of Guelph.

**To donate to the U of Guelph fund please contact [friendshipgardens@headwatershealth.ca](mailto:friendshipgardens@headwatershealth.ca) with attention to Lynn.**

**To donate: visit [www.friendshipgardens.ca](http://www.friendshipgardens.ca) and click 'Donate Now'.**

Follow the instructions for maintenance and development and you will receive a tax receipt for 100% and same for donation to the endowment or environmental studies funds.

Please visit us at: [www.friendshipgardens.ca](http://www.friendshipgardens.ca) to see what we do, check out dedications, Instagram, and Facebook.

**Thank you for your support...We are always happy to give you a garden tour.**
